BUYERS GUIDE

International Ultraviolet Association

www.iuva.org

Purifics ES Inc.	Designs, manufactures, and installs fully integrated Photo-Cat water treatment systems for the recovery, conditioning, and control of water. Photocatalytic AOP processes do not require Peroxide or Ozone. http://www.purifics.com	London, ON, Canada	519-473-5788	Adele Pearce
Quay Technologies Inc.	http://www.quaytechnologies.com	Cookham Dean, UK	44-1905-641996	Jeremy Meier
R-Can Environmental Inc.	http://www.r-can.com	Guelph, ON, Canada	519-763-1032	Myon Lupal
Severn Trent Services, UltraDynamics Products	The UltraDynamics line of UV disinfection equipment meets open channel wastewater, closed vessel commercial, and light/general/heavy industrial water treatment needs. Systems accommodate flow rates ranging up to 3,000 gpm. http://www.severntrentservices.com	Colmar, PA	215 997 3733	Nadia Abbott
Siemens Water Technologies	Siemens Water Technologies designs, manufactures and sells UV systems for municipal wastewater and drinking water, as well as for the industrial and commercial markets. http://www.barrier.usfilter.com	Vineland, NJ	609-507-9000	Bertrand Dussert
Solar Light Company Inc.	Solar Light Company is recognized worldwide as a manufacturer of precision UV light sources, solar simulators, radiometers, and detectors. http://www.solarlight.com	Glenside, PA	215-517-8700	Jay Silverman
Sunlight Systems Ultraviolet	http://www.sunlightsystems.com	Allendale, NJ	201 934-7772	Adam Donnellan
Tipton Environmental International Inc.	http://www.tiptonenv.com/	Batavia, OH	(513) 735-2777	Scott Tipton
Trojan Technologies Inc.	Trojan Technologies Inc. designs, manufactures and sells UV systems for municipal wastewater and drinking water, as well as for the industrial, commercial, residential and environmental contaminant treatment markets. http://www.trojanuv.com	London, ON, Canada	519-457-3400	Allison Miller
UltraViolet Devices Incorporated	UVDI is a leading supplier and an ISO certified manufacturer of UVC and carbon filter equipment for the commercial and residential HVACR air treatment market. UVDI also supplies UV disinfection equipment for the waste water and residential POU market. http://www.altruv.com	Valencia, CA	877-787-3882	Larry Randall
UV - Consulting Peschl	http://www.uv-consulting.de/	Mainz, Germany	+49 6131 986759	Alexander Peschl
UV Doctor	Providing Low and Medium Pressure UVC disinfection technologies. www.uvdoctor.com	New Richmond, Ohio	702-614-4200	Todd Schweitzer
UV Pure Technologies Inc.	Self-cleaning, fail-safe, virtually maintenance free waste treatment systems: dramatically reduce pathogens, improve operator safety (self-cleaning and entirely enclosed - no exposure to operator) and lower cost versus conventional open channel designs. http://www.puresafewater.com	Toronto, ON, Canada	(416) 208-9884, Ext 22	Goldie Clark
Van Remmen UV Techniek	http://www.vanremmen.nl/eng/	Wijhe, The Netherlands	31 570-521890	Ton Van Remmen
Waterpac Australia Pty Ltd.	Waterpac Australia specializes in water and wastewater treatment using patented self-cleaning UV technology. This technology provides automatic cleaning of the quartz sleeve -significantly reducing the maintenance requirements for UV systems. http://www.waterpacaustralia.com/	Jimboomba, Australia	61-7-5546-9833	Sam Prince
